EDUCATION

New York University, Tisch School of the Arts, New York, NY

Sep. 2024 to May 2028

Game Design, Bachelor of Fine Arts

GPA: 3.657 / 4

EXPERIENCE

Marketing Automation Intern, Coop Pank, Tallinn, Estonia

Jun. 2026 to Now

- Designing, building and testing a credit card marketing automation flow in Braze and Figma leveraging NBO predictions, website tracking and a custom scoring system to dynamically target 8 customer segments.
- Creating a product pitch for the bank's new investment service, balancing compliance requirements and resource opportunities with market innovation in a team of 4, presenting the pitch to leadership in August.

Technical Assistant, NYU Film & TV Production Repair Shop, New York, NY

Sep. 2024 to May 2026

- Maintained and repaired A/V equipment across a rental inventory of thousands of items.
- Diagnosed and documented equipment errors for faster identification and repair.
- Tracked and cleaned equipment to support reliable operations in a high-volume rental house.

PROJECTS

Designer and web programming lead, Digital House

(Figma & p5.js/HTML5, Nov. to Dec. 2025) [web](#) [doc](#)

- Built 8 interaction systems in p5.js and HTML5 iteratively, balancing interaction feel with technical & time constraints.
- Maintained shared GitHub repository for simultaneous development with the creative lead.
- Created wireframes and mapped out user journey on Figma.

Production Manager & Narrative Lead, The House 2

(Canva & Slack, Mar. to May 2025) [itch](#) [doc](#)

- Led sprints and divided labor across a 4-person team over 8 weeks via Slack.
- Directed narrative and authored ~23% of story content for a branching story system with 12 endings that balances narrative exposition with puzzles and exploration.
- Created design documentation (world map, story flowchart) for collaboration.
- Ran weekly playtest sessions, analyzing player behavior and iterating on pacing and clarity.
